To: Members, Indiana Professional Standards Board

From: Anne Moudy, Chair, Licensure Review Committee

Date: March 19, 2003

RE: Addition to Licensure Framework

At their meeting of October 2, 2002, John Bodecker, Stan Henderson, Don Huffman, and Terry Franks presented on behalf of the organization representing Driver and Traffic Safety Education rationale to the Licensure Review Committee for the addition of Driver and Traffic Safety Education to the *Licensure Framework*. After discussion, members of the committee agreed that appropriate evidence was submitted to meet the criteria for adding the area as a license to the *Licensure Framework*. In addition, the Licensure Review Committee agreed that upon approval, the Standards Committee would address the issue of teacher standards for the licensing area.

At their February 19, 2003, meeting, the Executive Committee approved this recommendation for hearing before the full Board.

Upon approval of the Board, the *Licensure Framework* would be updated as follows:

DRIVER AND TRAFFIC SAFETY EDUCATION

Content: Based on the content Standards for Teachers of Driver and Traffic Safety Education, to be developed in 2003, the license will state the following:

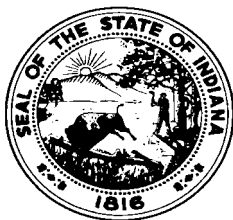

Driver and Traffic Safety Education

Comment: This license will be available with a high school setting.

Licensure Review Committee Recommendation:

- 1) The Executive Committee recommends to the full Board the addition of Driver and Traffic Safety Education to the *Licensure Framework*.
- 2) The Executive Committee recommends to the full Board that standards be developed for Driver and Traffic Safety Education.

If Indiana students are to achieve high standards, there must be competent, caring, and qualified educators to get them there.
